

Face Your audience with CONFIDENCE

PI-1900 19" LCD Tablet Monitor

Now your monitor is also an interactive experience! Install the accompanying software, connect the PI-1900 to your computer's USB and VGA ports, plug in the power cord and you're ready to go! Touch the screen with the electronic pen and experience the immediacy and excitement of navigating any Windows program with speed and accuracy.

The PI-1900 utilizes electromagnetic technology, which guarantees high accuracy and a fast transfer speed. It also features an adjustable stand to change the viewing and writing angles for use at a podium, conference table or desk. Install the software on the accompanying application software CD for a variety of easy-to-use Presentation Tools. Access Annotation Pens, Reveal, Spotlight and more through the floating toolbar. Powerful Virtual Whiteboard (VWB) software brings discussions alive by allowing you to illustrate your points to your audience through drawings or taking notes. **Now the pen is mightier than the mouse!**

The PI-1900 is an excellent investment for the average Windows user who wants to benefit from interactive presentation technology without the hours of learning and preparation time associated with other interactive presentation systems.

The PI-1900 Product Features:

- Easy to learn and use. Simply pick up the pen and replace the mouse.
- Electromagnetic technology makes it fast and accurate—make your point quickly.
- Adjustable stand that pivots from 15° to 75°.
- Front panel controls.
- Annotate directly on the LCD monitor with the interactive pen for powerful communication capabilities after installing the applications CD.
- One year warranty (return to factory) with product registration.

PI-1900 Benefits:

- Perfect for large or small venue presentations
- Easy to use presentation tools
- Deliver entertaining and informative computer-generated presentations.
- Annotate over computer-generated images
- Improve audience focus, reduce instruction time and increase retention.
