### **ALFRED N. BASILICATO, PRESIDENT & CEO OF NUMONICS CORPORATION, IS NAMED "SBA EXPORTER OF THE YEAR" FOR SBA'S REGION III**

Thomas G. Tolan, Director of the [U. S. Small Business Administration \(SBA\) Philadelphia District Office](#) announced today that Alfred N. Basilicato, President and CEO of Numonics Corporation of Montgomeryville, PA has been presented with Region III's "Small Business Exporter of the Year 2000" award. Region III encompasses the states of Delaware, Maryland, Pennsylvania, Virginia and West Virginia and the District of Columbia. Mr. Basilicato is also the recipient of the State of Pennsylvania's and the District of Philadelphia's SBA Exporter of the Year Award.

Alfred N. Basilicato is an entrepreneur, an international marketer, a manufacturer and an investor. He is also a purposeful world traveler. He has criss-crossed the globe numerous times to help Pennsylvania's Governor Tom Ridge and others attract new business to the Commonwealth. Mr. Basilicato describes his approach to business as "very aggressive" and "wildly enthusiastic." He is a decidedly pro-active, multi-disciplined person who is constantly busy developing new products and marketing strategies for innovative technology. These technologies are used in the education and presentation markets, the medical imaging market, and the garment and CAD industries.

Basilicato's philosophy is "Let's keep the jobs here and send the products over there!" Expanding international business has been a constant priority for Numonics Corporation. As a result, the company was awarded the "1996 Governor's Export Excellence Award" for a medium size manufacturing firm in the state of Pennsylvania.

Mr. Tolan stated, "This is SBA's 37<sup>th</sup> Annual Award celebration, and the SBA's Philadelphia District Office is honored to recognize and pay tribute to Alfred Basilicato who has shown creative and innovative marketing strategies within his small business community and overseas." Mr. Basilicato, along with the other seven SBA award winners, will be honored at "The SBA and Advocates for Small Business Annual Awards Day" with the Phillies on Thursday, May 4, 2000 at Veteran Stadium.

Congress created the U. S. Small Business Administration in 1953 to support and encourage the creation and success of small businesses. SBA offers a wide range of financial and business assistance and disaster relief services. In 1999, SBA maintained a guaranteed loan portfolio of more than \$40 billion to

486,000 small businesses, backed another 49,000 loans totaling \$12.5 billion, and provided more than 36,000 disaster recovery loans totaling \$936 million to people who sustained business, residential or personal property loss due to natural disasters.

President Clinton has proclaimed May 21-27, 2000 as National Small Business Week to celebrate the contribution of America's 25 million small businesses from mom and pop businesses to high tech companies. This year's celebration theme is "A History of Success, a Millennium of Opportunity."

Numonics Corporation is an ISO 9001 certified company with 30 years of design, development and manufacturing experience and is considered a technology innovator for computer input devices. Industry awards have been won for product innovation, design engineering and computer productivity. Numonics' products are available through an international network of systems integrators, OEMs, resellers and distributors throughout the world.
